

AMP: AMHERST MASTER PLAN LIGHTING THE FUTURE

TRANSPORTATION

WANT: Voice of Amherst¹:

- “Improve safety and mobility for non-vehicular traffic”
- “Maintain and repair our roadways”
- “Improve safety and operations around schools”
- “There is too much speeding on our narrow country roads.”
- “ We need to improve signage”
- “We need more bike and walking paths”
- “School children should use buses more and reduce the driving to schools”
- “Trucks need to be re-routed so they don’t take short cuts through the neighborhoods and the Village Center.”

HAVE: Existing Conditions²:

- Good network of trails and pathways
- Scenic roadways
- Road Surface Management Plan
- Traffic Congestion
- Safety Issues

¹ Resident input, based on various visioning exercises.

² Consultant documentation, based on review of previous studies, interviews, meetings, site visits.

AMP: AMHERST MASTER PLAN LIGHTING THE FUTURE

MAIN ISSUES: Opportunities & Challenges:

- Preserve scenic corridors
- Access management
- School traffic
- Cut-through traffic
- Poor roadway transitions and signage
- Mobility and safety for pedestrians bicyclists
- Safety
